

Product Specification

General

Cat. Number	541sp / 542sp	540m	541as
Illustration			
Sub-Category	Hooks		
Yield Type	Tomato/Cucumber / Cherry tomatoes (542sp only)		
Description	<p>RollerHook specially designed to ensure a full control of plant's lowering at minimum cost, the Roller Hook is composed of a reusable multi-seasonal metal frame and a strong disposable spool with up to 48 meters of PP UV resistant twine. Bio twine is optional.</p> <p>RollerHook disposable spool with up to 48 meters of PP UV resistant twine. Paskal's Rollerhook holds the plant up to three seasons and allows an easy way to release twine and lower the plant while moving the hook and fixing it in its new position. The Rollerhook offers strong wire grip, full lowering length control and is easy to use.</p> <p>The double twine RollerHook disposable spool with up to 17*2 meters of PP UV resistant twine. Paskal's Double twine Rollerhook (along with the 20 cm spacer) offers a complete solution for growing cherry tomatoes.</p> <p>Metal part that carries the RollerHook spool.</p>		
Spool Color	Black / white		
Twine Color	Black / white / color / bio twine		
Metal part	Metal		

Material

Spool	Polypropylene + Anti-UV additive
Twine	Polypropylene + Anti-UV additive or Biodegradable twine
Metal part	Galvanized Iron
